God's Voice

God Still Speaks

7 Barriers That Keep You from Hearing God's Voice

Do you wonder why God's voice can be so hard to discern? Do you question whether He speaks today, or doubt you will recognize what His voice sounds like? If so, you are not alone.

Ever since that fateful day sin entered the Garden of Eden, sin has erected countless barriers that make it difficult to hear God's voice clearly.

These barriers take on many shapes: They come in the form of *spiritual ignorance*. They portray themselves in *God's seeming silence*. They mask themselves as *doubt* and utilize *distraction* to keep us preoccupied. They show themselves at a heart-level, influencing us through *fear* of or *apathy* to His voice. And they love it when *self-righteousness* sits firmly on the throne of our hearts, making us feel like we must do something to earn the right to hear from God.

But did you also know that **God is in the barrier-breaking business**. Are you ready for Him to break down *your* barriers?

Barrier 1: Ignorance

"God, is that you?"

Barrier 2: Silence

"God, are you listening?"

Barrier 3: Doubt

"God, what if I'm not sure?"

Barrier 4: Distraction

"God, can I get back to you on that?"

Barrier 5: Disobedience

"God, what if I don't like what you're telling me?"

Barrier 6: Sacrifice

"God, what's this going to cost me?"

Barrier 7: Self-Righteousness

"God, do I really need to listen to your voice?"
